

# The American Institute of Architects Continuing Education System

AIA/CES Registered Provider Program Summary

<b>Provider:</b> The Garland Company, Inc.	<b>Length:</b> 1 hour
<b>Program #:</b> 099 PM	<b>Credits:</b> 1 AIA/CES Learning Unit
<b>Program:</b> Getting the Most out of Your Roof Assets	<b>HSW Credit:</b> Yes

<b>Course Description:</b>	Gain an understanding of the basic components of today's complicated commercial roof systems. Participants will learn how to identify the most common roof maintenance problems and how they can be fixed. Details on how to set up a preventive maintenance program, including budgeting, will also be discussed.
<b>How Taught:</b>	A Powerpoint or slide presentation with group exercises and discussion. Planned Q&A throughout presentation.
<b>A/V Requirements:</b>	Electrical outlets and a screen for the Powerpoint or slide presentation. In some cases a projector is also required. For group settings, one on one presentations can be viewed on laptop.
<b>Who Should Attend:</b>	Architects, specifiers, design professionals and, building owners in the commercial/industrial building market.
<b>Cost:</b>	There is no cost to bring this program into your firm or chapter.
<b>For more information:</b>	Contact you local Garland Representative.
