

THE AMERICAN INSTITUTE OF ARCHITECTS CONTINUING EDUCATION SYSTEM

AIA/CES Registered Provider Program Summary

Provider: The Garland Company, Inc.

Length: 2 hours

Program #: 004 SS

Credits: 1 LU hour

Program: Design Applications for
Standing Seam Metal Roofs

HSW Credited: No

Course Description: An overview on standing seam metal roofs used in the commercial roofing market. What's the best fit for your location?

Learning Objectives: Participants will have a thorough understanding of the basic principals to follow when preparing a specification for standing seam metal roofs. Also, some basics of wind uplift, material differences, paint finishes, etc. will be discussed.

How Taught: A PowerPoint or slide presentation with group exercises and discussion. Planned Q&A throughout presentation.

A/V Requirements: Electrical outlets and a screen for the Powerpoint or slide presentation. In some cases a projector is also required. For group settings, one on one presentations can be viewed on laptop.

Who Should Attend: Architects, specifiers, design professionals and, building owners in the commercial/industrial building market.

Cost: There is no cost to bring this program into your firm or chapter.

For more information: Contact you local Garland Representative.
