

# Garland's LEED & The American Institute of Architects Continuing Education Accredited Presentations

GBCI CE & AIA/CES Registered Provider Program Summary

<b>Provider:</b> The Garland Company, Inc.	<b>Length:</b> 1 hour
<b>Program #:</b> 0090004857	<b>Credits:</b> 1 GBCI CE Learning Unit 1 AIA/CES Learning Unit
<b>Program:</b> Sustainable Roofing Solutions	<b>HSW/SD Credit:</b> Yes (AIA)

**Course Description:** Understand the sustainable design of commercial roofing.

**Learning Objectives:** The participants will understand the concept of sustainable design as it relates to commercial roofing applications. Innovative technologies such as cool roofs, photovoltaic roofing, vegetated roof systems, recyclable roofing, roofing materials manufactured with post consumer recycled content, and low VOC roofing options will be discussed.

**How Taught:** A Powerpoint or slide presentation with group exercises and discussion. Planned Q&A throughout presentation.

**A/V Requirements:** Electrical outlets and a screen for the Powerpoint or slide presentation. In some cases a projector is also required. For group settings, one on one presentations can be viewed on laptop.

**Who Should Attend:** Architects, specifiers, design professionals and, building owners in the commercial/industrial building market.

**Cost:** There is no cost to bring this program into your firm or chapter.

**For more information:** Contact you local Garland Representative.
